EXTENSION OF THE FOURTH COUNTRY PROGRAMME FOR THE UNITED REPUBLIC OF TANZANIA

Note by the Administrator

1. The fourth country programme for the United Republic of Tanzania was approved by the Governing Council at its special session in February 1987 for the programme period January 1987 to December 1991. The Government has requested a one-year extension (through December 1992) in order to synchronize the preparation and implementation of the next national development plan (June 1993 to June 1998) with that of the fifth country programme (1993 through December 1996).

2. The themes of the fourth country programme continue to remain valid during the programme extension. They are: (a) increasing food and cash crop production; (b) rehabilitating and maintaining the country's physical infrastructure; (c) increasing capacity utilization in industry and restoring positive industrial growth; (d) restoring the internal and external balances in the economy; and (e) improving social services delivery systems.

3. The Government expects to submit the fifth country programme to the Governing Council at its fortieth session (1993).

4. The Administrator wishes to inform the Governing Council that he has approved the extension of the fourth country programme for the United Republic of Tanzania for a period of one year, beginning 1 January 1992.
